 (2nd Floor, Triton/Orion)

Lamplighter

Hinds Community College • P.O. Box 407 • Raymond, Mississippi 39154-9799

October 10, 1990

Dear Lamplighter Participant:

As promised, I have enclosed the following items:

1. A list of all participants.
2. The group report summaries.
3. George A. Baker handouts.

The first two items have been shared with each dean, along with an evaluation summary.

Some had suggested a name for the alumni. I like "Old Flames" the best. I trust you had an enjoyable experience at the conference. As I told you at the opening session, we came together to learn from each other and to have a good time doing it. From the evaluations it appears we accomplished both objectives.

I enjoyed the part I played in planning the activities and in conducting the sessions. It was a growth experience for me personally. But the major credit goes to the Hinds Outstanding Faculty and their work as a committee and to the Deans' and Presidents' Associations for their support.

I believe Lamplighter served a need, and I hope we can continue to use it to recognize and reward outstanding teaching. Thank you for your participation.

Sincerely,

J. David Durham
J. David Durham, Ph.D.
Academic Dean, Raymond Campus
